Informed Consent for Chiropractic Care

All health care professional (anesthesiologists, chiropractors, dentists, medical doctors, osteopathic, pharmacists, surgeons, etc.) are regulated by laws and boards. These health care professionals are required to give you, the patient, advance notice of any risks and/or complications. Informed consent information regarding any risks does not necessarily indicate an error in clinical judgement. No guarantee of cure or results has been made to you, the patient, in this clinic. Your care may involve the making of recommendations based upon facts known to the doctor at this time. Chiropractic care does not use drugs or surgery and does not diagnose internal and/or medial conditions.

You should understand the benefits of chiropractic health care, but you also need to be aware of some of the limited, inherent risks. These seldom occur; not enough to contraindicate care, but should be considered in your informed decision to receive chiropractic care. All health care procedures have some risks. With chiropractic adjustments the risk may include musculoskeletal sprain/strain, disc injuries, dislocations, fractures, neurological deficits, Horner's Syndrome, Vertebral Artery Syndrome, or stroke. The chances of these risks occurring have been estimated by experts to be approximately 1 per 400,000 treatments, to 1 per 1,000,000 treatments.

Appropriate tests will be performed to identify if you may be susceptible to these risks and you will be notified in that case. If you have any questions about these issues, please do not hesitate to speak with your doctor of chiropractic.

I have read (or have had read to me) the above information. I wish to rely on the doctor's judgement during my course of care, based upon the facts then known. I have also had the opportunity to ask questions regarding the above information and possible consequences and risks. By signing below, I now agree to have the chiropractic care procedures recommended and performed. I have no questions and I acknowledge that no guarantee of cure has been made to me concerning results and treatment.
